Quick facts: There are a total of 1361 chapters in the Bible. In the so called Old Testament there's 929, in the so called Apocrypha 172, and in the so called New Testament 260. The first book of the Bible, Genesis which has 50 chapters could be read in 3.5 hours. That means it will take approximately 96 hours to read the Bible entirely. This book is what God revealed unto his people Israel (so called Blacks, Hispanics, and Native American Indians) and passed down by our fathers to their children as it states in Deuteronomy 29:29 and Romans 9:3-5.
